

REVISED REVISION Mullen Collection Tour

October 23

The Mullen Automotive Museum is an homage to art deco and the machine age (1918-1941) – eras that produced exquisite art and magnificent automobiles. The museum is home to examples of the finest of historic French automobiles from the Bugatti to the Voisin as well as significant and representative decorative art from this same period.

Many of the more than 100 vintage French cars on display have won prestigious awards at Concours d'Elegance throughout the world. Also on view are famous French race cars, many of them winners of past historic races.

The Brescia Bugatti is displayed as found in Lake Maggiore after 73 years under water. The 1936 Bugatti 57SC Atlantic was recently purchased at auction for a record price over \$30 million. It is based on a show car built for the 1935 Paris Auto Salon. The only other completely original Atlantic is owned by Ralph Lauren.

The Mullin Automotive museum is located in Oxnard, in an extensively remodeled building formerly housing the Otis Chandler collection. The building was designed with environmental issues in mind, and includes a solar system on the roof as well as a planted green roof. For more info, check out mullinautomotivemuseum.com

The Mullen is located at 1421 Emerson Avenue, Oxnard 93033. The museum charges \$10 per person. We'll gather there at 10:30 AM. This is a mostly self guided event with over 100 pre war French Cars including the most expensive car (Bugatti) ever purchased. In addition, there is a unique collection of furniture and decorative art from the period. Lunch will be a BYO picnic and wine tasting at the outstanding vinyards of Old Creek Ranch Winery about 15 minutes up the road in Ventura. RSVP to Norm Silverman if you plan to attend the wine tasting.

The Bugatti Atlantic -- the most expensive car ever purchased.

The "Lake " Bugatti as found after 73 years under water.
