**1978 Spyder:** purchased by me 8 years ago as a charity donation brokered by Pick-A-Part. Though I don't believe it has been wrecked it has been on a salvage title since Pick-A-Part. It has been running recently but has been on a non-op for the past four years. It runs ok and lights and accessories work. The motor has good compression but it won't pass smog because of a Spica injection problem. The body is straight though it is missing a rear bumper. The top is ok. It was repainted red over ivory and needs a new paint job. Rust is visible of one fender flare and lower rear fenders, not too bad. Trans and motor are ok. It has a fresh battery. It has Alfa alloys and ok tires. Also I have an extra transmission and engine for this car as well as two manuals. I am looking for about \$2000 but I'll consider the best offer. Pictures on request. *Call Howard at (909) 557-5943 or E-mail to: howknowit@msn.com. (2/10)*
